

SOUBHIK CHAKRABORTY

Senior Data Engineer · Analytics, BI & Automation

Mumbai, India · +91 8274022133 · soubhikchakraborty76@gmail.com · linkedin.com/in/soubhikchakraborty76

SUMMARY

Data engineer with 4+ years building enterprise data platforms across Microsoft Fabric, SAP, and AWS. Owns data engineering workstreams within a 30+ project portfolio reviewed by senior leadership, manages five external vendor relationships end to end, and partners directly with Finance, HR, and SAP teams to turn business requirements into production pipelines and dashboards. Also sets BI governance standards and designs the technical hiring process for the team.

PROFESSIONAL EXPERIENCE

Senior Engineer, Data & AI | Hygienic Research Institute Pvt. Ltd. (HRIPL) · Mumbai · Jun 2024 – Present

- **Vendor management:** Own five external partnerships (Mobisy/Bizom, atQor, Quess Corp, AudvikLabs, Vxceed) — scoping change requests, validating effort estimates, tracking chargebacks against timesheets, and leading on-site working sessions to close outstanding delivery issues.
- **Cross-functional delivery:** Partner with Finance, HR, and SAP teams to convert requirements into shipped products, including a Power BI AR ageing semantic model (TMDL) rebuilt to match Finance's exact FIFO netting logic and validated with a Python reconciliation proof.
- **Platform architecture:** Architected a 21-interface Bizom pipeline into Microsoft Fabric Warehouse, resolving row-cap truncation, cross-portal schema drift, and incremental-load failures to give downstream dashboards a reliable source of truth.
- **SAP engineering:** Built SAP HANA and OData extraction pipelines across ACDOCA, EKKO/EKPO, MATDOC, RBKP/RSEG, and FAGLL03 with chunked extraction, column validation, bounded-parallel fetching, and direct COPY INTO loads to Fabric.
- **Automation:** Eliminated recurring manual effort in Finance and Supply Chain — daily NACH H2H processing (Graph API fetch, AES decryption, transform, FTP upload) and twice-daily ASN generation for Reliance dispatches with deduplication controls.
- **Governance & hiring:** Authored BI Governance SOP v2.0 and a unified PRD standard adopted across the portfolio; designed and ran the Data Engineer interview framework used to shortlist and assess candidates.

Data Analyst (Senior Executive) | SUGAR Cosmetics · Mumbai · Sept 2023 – May 2024

- Built the SUGAR Insights Portal integrating multi-channel sales data, driving a **25% increase in sales visibility**; optimised the Warehousing Dashboard to cut report generation time **40%** and data errors **90%**.
- Integrated Netsuite, MAssist, Clickpost, Shopify, and Wondersoft into an AWS Redshift warehouse (Glue, S3, Lambda, Step Functions) with QuickSight dashboards surfacing leadership KPIs.
- Implemented end-to-end order journey tracking from placement through dispatch, delivery, remittance, returns, and refund; developed Flipkart reconciliation logic to audit net receipts and verify marketplace fee accuracy.
- Delivered the Beauty Advisor Hiring Portal (Django/AWS) with role-based access and budget-check logic, reducing manual hiring intervention **65%** across GT and MT verticals.

Programmer Analyst | Cognizant Technology Solutions · India · Feb 2022 – Aug 2023

- Delivered cloud migration for a Philippines-based insurer — validated data pipelines, defined data quality rules, and built Power BI reporting for client stakeholders.
- Ran ETL migration testing end to end: source profiling, unit testing, and system integration testing (SIT) for data quality mapping.

TECHNICAL SKILLS

Platforms Microsoft Fabric (Warehouse, Pipelines, T-SQL) · SAP HANA & OData · AWS (Redshift, Glue, S3, Lambda, Step Functions, QuickSight) · Azure

Engineering Python (Pandas, NumPy, pyodbc) · SQL · ETL/ELT design · Microsoft Graph API · REST/OData integration · Django · Linux · Git

Analytics & BI Power BI (DAX, TMDL semantic models) · QuickSight · data modelling · reconciliation & data quality validation

Leadership Vendor & contract management · cross-functional stakeholder management · BI governance & SOPs · PRD/BRD documentation · technical interviewing · Agile

EDUCATION & CERTIFICATIONS

B.Tech, University of Engineering and Management · Kolkata · 2018–2022 · GPA 9.0 · Vice Chancellor's Award for Overall Performance, 2022

Certifications · AWS Cloud Practitioner Essentials · Power BI Masterclass (Udemy) · Relational Database Design (Udemy)
